

Let's save Venezuela: let's invoke the R2P

MANIFESTO OF THE VENEZUELAN CITIZENS TO THE INTERNATIONAL COMMUNITY

Thousands of Venezuelans are displaced daily, fleeing from genocide and crimes against humanity occurring inside their territory. Nicolás Maduro's criminal regime persecutes, imprisons, tortures and kills its dissidents with impunity.

The Venezuelan population is systematically subjected to shortages of food and medicine, power outages and unreliable utilities in a collapsed economy.

The Venezuelan state protects its population amid the dismantling of the rule of law and its institutions. Venezuelan territory has been penetrated by terrorist and drug trafficking groups that threaten regional stability and world peace.

The Venezuelan State under the Maduro regime leaves its population unprotected, amid the dismantling of the rule of law and its institutions. Its territory has been penetrated by terrorist and drug trafficking groups, supported by the Maduro regime, that threaten regional stability and world peace.

It is for these reasons that under the Venezuelan constitution, the Inter-American Treaty of Reciprocal Assistance (TIAR) and the Principle of Responsibility to Protect (R2P) of the United Nations (UN), we demand to those countries members of the Organization of American States (OAS) and the United Nations Organization (UN) to conform a **Humanitarian Stabilization Mission**, accompanied by a **Multinational Military Coalition** to put an end to the Venezuelan crisis, restore the democratic-institutional order, guarantee peace and the rule of law according to the petition published in the portal www.r2pnowvenezuela.com.

The time has come. Venezuela needs your support!
